Solid stainless steel rack is made of tubes and satisfies the demands of hygiene and cleaning. Adjustable rack-feet allow the correct rack's setup. It is stuffed by one firm shelf 150 mm above the floor.

Recommended use

This rack is mostly used in stockrooms; it is also possible to use it for meat plant purposes, for example in cooling rooms.

Dimensions can be modified according to the customer's needs.

Technical data

Length – A 1300 mm
Width - B 500 mm
Height - H 1800 mm
